

## Steps to Departure - Malawi

As you prepare to embark on your volunteer experience, please be sure to complete the following steps. For additional information or guidance at any time, please contact Christine Rose, Volunteer Program Manager, at [christine@villagevolunteers.org](mailto:christine@villagevolunteers.org).

### After submitting your \$100 USD deposit:

- You now have access to our Travel Preparation and Cultural Documents which will help you prepare for your Volunteer Program. To access these documents, go to [www.villagevolunteers.org](http://www.villagevolunteers.org), select **My Village** from the navigation bar, and log in.
- Make sure that you have a valid passport that does not expire six months from the date of your return flight. If you must apply for a new passport, ensure that you will have enough time to obtain the necessary visa as well. Contact both the passport office and the embassy (for a visa) for actual processing times so you can determine whether you will need to expedite the processing of either or both. (Refer to the *Travel Considerations* document for guidance.)
- After logging into My Village, begin reviewing the Village Volunteers orientation materials, specifically the *Travel Considerations*, *Health Guide*, *Packing Guide*, and *Etiquette in Malawi* documents.
- Read the [Frequently Asked Questions](#), particularly those that apply to the country of your Volunteer Program. They contain a wealth of information about what you can expect when volunteering.
- Check out our [Sustainable Village Library](#) - a resource for both volunteers and villagers which contains options and information for volunteer projects.
- Become a VV Fan on [Facebook](#) and ask questions of alumni volunteers.
- If you would like us to connect you with a former volunteer with experience in the village you will be visiting, please let us know.

### Next Steps:

If you'd like, check out the Student Universe website for flights!

<http://www.studentuniverse.com/travel/villagevolunteers>

Student Universe is an airfare website that provides flight discounts and rewards for students, faculty and youth ages 16-25. If you fall into any of these categories, we recommend searching for flights through Student Universe to find discounts. The nice thing about using SU, is that 20% of the service charge you pay for your flight goes back to Village Volunteers and into our tree-planting & carbon credit projects.

After making your flight arrangements, please forward your flight itinerary to Kara Dunn, our Volunteer Program Manager.

After we receive your flight information, we will send you an invoice for your Volunteer Program fee.

☐ **Obtain your passport and visa.**

(You are not required to obtain a visa if you are intending to stay in Malawi for less than 30 days.)

☐ **Optional: Begin fundraising and/or donation collection.**

(Refer to *Fundraising for Your Volunteer Program* and the *Donation Procurement Letter* documents.) If you receive donations from friends, family or your community, ensure that all checks are made out in USD to Village Volunteers and that your name is on the memo line so we will know to credit your invoice.

☐ **Consult a travel physician for immunizations and medical requirements.**

Village Volunteers cannot give advice regarding immunizations or other travel medications. You must consult a travel physician for this information.

Another useful resource for tips on how to stay healthy during your Volunteer Program is the Center for Disease Control and Prevention.
